

Canada's Friendly City

We welcome you to consider Moose Jaw as your next leisure or event destination.

The Destination Marketing Fund Partnership Inc., aptly named Visit Moose Jaw, was created in 2014. We are a not for profit organization governed by a volunteer board of directors. Our mission is to show the world what our beautiful city has to offer as a desirable travel destination for leisure, meetings, conventions and events, with a sole purpose to support the development and marketing of tourism assets in the City of Moose Jaw that will ultimately result in increased attendance and spending at member properties.
